Fresh From the Wires from All  
Points.

Washington, July 28.—Lieutenant  
Eberly, flag lieutenant of the Oregon  
under Captain Baker, has just arrived  
in Washington from the Philippines,  
and brings some interesting details of  
the situation in Manila.

Lieutenant Eberly says the social and  
patriotic conditions in Manila are bet-  
ter than is generally believed in the  
United States and better than would be  
supposed after such a short American  
administration. The city has been  
cleaned on the American plan. The  
streets have been cleared of ancient ac-  
cumulations of filth. The health of  
Manila is exceptionally good and even  
among the troops on shore there was  
little sickness from anything but heat  
prostration.

Trenton, July 28.—Secretary De-  
vereaux has issued a call for a meeting of  
the state democratic committee, to be  
held at the Coleman house, Asbury  
Park, August 8. There will also be a  
conference of the leaders of the party to  
be followed by a banquet, when ex-Sen-  
ator Arthur P. Gorman is expected to  
make a speech and incidentally launch  
his boom for the presidential nomina-  
tion.

San Francisco, July 28.—The recent  
development of the petroleum fields in  
Fresno county so interested capitalists  
of the coast that steps are being taken  
for the organization of an oil exchange  
in this city. Within the past thirty  
days some twenty odd corporations  
have been organized in this city for the  
handling of oil and buying and selling  
of oil properties.

Toronto, Ontario, July 28.—There is  
talk of a general election for the domi-  
on of Canada being held during the  
coming fall. It is reported the Laurier  
government decided before J. Israel  
Tate, minister of public works, left  
England a few weeks ago, to make an  
appeal to the country, and word comes  
from different provinces that prepara-  
tions are being made for a general elec-  
tion within the next three months.

Fort de France, July 28.—The Gov-  
ernor of Santiago confirms the general  
opinion that the assassination of Presi-  
dent Heurieux was a political crime.  
It is reported that the assassin's party  
are gathering forces preparatory to an  
attack on the government troops. It  
has been learned that Caceres's compan-  
ions when President Heurieux was  
killed were Juan Richards and Horacio  
Vasquez. The latter is a brother of a  
deputy in parliament.

Foreseeing the possibility of disturb-  
ances and in order to be prepared for  
any emergency General Peppin, gov-  
ernor of Santiago has taken important  
precautionary measures and has decided  
to demand that arms and ammunition  
be forwarded him from Santo Domingo.  
Advices from Santiago received here at  
a late hour report the situation there as  
becoming more serious.

Austin, Texas, July 28.—Six of the  
largest cotton seed oil mill firms in the  
state are being organized into a combi-  
nation to be known as the Continental  
Oil Company, with headquarters at New  
York. The combine is to have a capi-  
tal of \$6,000,000.

The attorney general intends to take  
steps at once and if he can establish the  
fact that a trust has been formed, he  
will attempt to dissolve it under the  
anti-trust law of the state.

For Non-Advertisers.

One of the English trade journals  
publishes the following parody on "I  
Don't Like You Any More," which, it  
says, is going the rounds, and is likely  
to prove a hit: "We don't want to buy  
at your place, we don't trade there any  
more; you'll be sorry when you see us,  
going to some other store. You can't  
sell us any stale goods, we have opened  
wide our eyes; we don't want to trade  
at your store because you do not adver-  
tise."

## COPPER QUEEN RAISE.

A. Writ to Bring the Matter in Court

A writ of certiorari in behalf of the  
Copper Queen Co., has been ordered by  
Judge Davis which cites the Board of  
Supervisors to appear or furnish a  
transcript of the minutes of the board  
with relation to the assessment and  
raise in valuation of the Copper Queen  
Co., that the same may be reviewed in  
court and decision rendered upon the  
jurisdiction of the board to make the  
raises mentioned.

The certiorari citation makes the  
first Monday in December next as the  
date for the review and the proceedings  
are a writ of certiorari against the  
raise until the court has ruled in  
the premises.

The board raised the Copper Queen  
\$108,000, and the procedure on behalf  
of the county will be to ask that the in-  
junction be dissolved which, if granted,  
and if no cause or objection is presented  
to the equalization board at the August  
meeting, as now seems probable, the  
assessment as raised would stand; al-  
though a further action for relief  
sought by the company would probably  
be the payment of the taxes under protest  
followed by a suit to determine the  
jurisdiction of the board in regard to  
the raises.—Prospector.

Duty of a Newspaper.

It has been charged that country  
newspapers are bootlickers on the  
money side of the question; that they  
are afraid to condemn a wrong; that it  
is the duty of a newspaper to expose  
everything that is not exactly right and  
proper, says an exchange. A man en-  
gaged in the newspaper business to  
make a living just like any one else in  
any other business. It is not the duty  
of a newspaper man to ferret out any  
mean or contemptible act, any more  
than it is the duty of a citizen. The citi-  
zens of a community are responsible for  
the immorality of a town, for dishonest  
elections, for the breaking of the law;  
not the newspaper. How many busi-  
ness men are there in a town who will  
condemn a wrong-doer, when they  
know it will injure them? And yet that  
is what some people expect them to do.  
The trouble is the (so called) honorable  
people of a community haven't the  
moral courage to stand up for the right.  
A majority of them, if they endorse an  
article condemning the wickedness of  
some scoundrel, will come around to the  
editor in private and tell him he has  
done right, yet when it comes to talking  
it on the street and elsewhere their  
nerve fails them, and the editor is left  
to fight the battle alone. If you have  
any grievance to make do it publicly.  
If a newspaper attempts a reform that  
you know is right and will result in a  
benefit to the town, give him your sup-  
port publicly. Don't sit back and say a  
newspaper man hasn't the courage to  
say what is wrong until you yourself can  
rise above the almighty dollar and take  
your stand for truth and honesty. It is  
the individual and not the newspaper  
that hasn't the moral courage. News-  
papers reflect the wishes of the people,  
and are the result of existing conditions  
which must be changed, if at all, by in-  
dividual effort.

IS IT RIGHT

For an Editor to Recommend Patent  
Medicines?

From Sylvan Valley News, Brevard,  
N. C.:—It may be a question whether  
the editor of a newspaper has the right  
to publicly recommend any of the vari-  
ous proprietary medicines which flood  
the market, yet as a preventive of suffer-  
ing we feel it a duty to say a good word  
for Chamberlain's Colic, Cholera and  
Diarrhoea Remedy. We have known  
and used this medicine in our family  
for twenty years and have always  
found it reliable. In many cases a dose  
of this remedy would save hours of  
suffering while a physician is awaited.  
We do not believe in depending implic-  
itly on any medicine for a cure, but we  
do believe that if a bottle of Chamber-  
lain's Diarrhoea Remedy were kept on  
hand and administered at the inception  
of an attack much suffering might be  
avoided and in many cases the presence  
of a physician would not be required.  
At least this has been our experience  
during the past twenty years. For  
sale by all druggists.

## THE COPPER QUEEN STORE.

It's "betwixt and between" here  
now. In the interim between the
